**13:00-14:15 GST**  
**Tuesday, 1st June 2021**  
**Webex**

As part of reimagining global trade for the 2020s, Abu Dhabi Ports will host its latest webinar 'Industrialisation in the UAE and the Role of Abu Dhabi's Ports' on Tuesday, 1st June 2021 from 13:00-14:15 GST.

Abu Dhabi Ports' long-term strategy is not only transforming the emirate of Abu Dhabi's maritime infrastructure but is also creating tremendous possibilities and potential for increased industrial integration and connectivity with the global economy.

The Industrialisation in the UAE and the Role of Abu Dhabi's Ports webinar will provide critical updates on the UAE's industrial strategy and the role of Abu Dhabi's ports in achieving these targets, and will showcase some of the exciting expansion across our ports and opportunities available to the private sector.

### Topics to be discussed include:

- Insights into the UAE's industrial strategy
- Highlighting how the UAE is engaging with investors and government stakeholders to achieve industrial targets
- Examining hydrogen and ammonia developments in the UAE
- Developing downstream energy and petrochemicals infrastructure in Ruwais
- Exploring demand for steel production and construction market updates
- Understanding how Abu Dhabi's ports will play a role in supporting industrial development
- Identifying potential opportunities for the private sector
